

Five Star Family,

Thank you for your patience as we have sought clarification on newly announced Tier 3 mitigations imposed by Governor Pritzker. We have spoken to officials from the IDPH, the Will County Health Department, and the Will County Infectious Disease Lead Investigator seeking clarification as to how these mitigations affect our programming here at Five Star Tennis.

Below you will find the actions that we have put in place based on the move to Tier 3, effective 8am on Friday, November 20:

- All group classes, junior and adult, will be suspended for two weeks, and will be set to resume on Friday, December 4. The current session will be extended by two weeks and will end on March 14 for all Junior Programming.
- Our adult mixed and men's drills will also be suspended until December 4.
- The fall semester of Tennis University will be suspended for two weeks and the semester will be extended by two weeks, concluding on January 15th.
- Our NITTL group drills will also be suspended for the next two weeks. All NITTL matches have been cancelled through December 31st. These will not be rescheduled.
- All scheduled USTA matches are on hold until we receive direction from the USTA.
- All Junior tournaments are suspended for two weeks.

Under the newly released Tier 3 mitigations, the following activities are still allowed:

- Member use of the facility through reserved court time, as well as use of our ball machines on a reserved court.
- Private Instruction from our outstanding Tennis Professionals.

We are encouraging all our adult and junior players to consider booking a private lesson with one of our tennis professionals. *These mitigations imposed by Governor Pritzker will cut 50% of our tennis professionals hours. You can help support them by booking a lesson during this time. Your hard working tennis pros and your tennis game will be appreciative!* If you would like to book a private lesson with a professional, please contact that pro directly or call 630-282-4888 and we can assist you!

We have put numerous policies in place to ensure that our tennis programming remains safe, from distancing to sanitization measures. We firmly believe that our sport remains among the safest activities to keep juniors and adults active year-round.

Thank you all for your continued support of Five Star Tennis.

Regards,

Dan Brown and Robin Henders
